PSI ALLIANCE WELCOMES ITS NEWEST MEMBER

Credit information provider Infocredit Group has become the latest in a long line of companies to join the PSI Alliance, the trade body which is working to achieve fair and open access to Public Sector Information across the EU to the benefit of the public sector, the private sector and the end consumer.

With over 40 years of experience and a wealth of knowledge in credit information solutions, Infocredit Group prides itself on empowering businesses with credit information they can trust. As one of the largest independent credit information solutions networks, Infocredit Group has lead the way in emerging markets with a strong established network of offices and strategic partners across four continents.

Theodoros Kringou, Managing Director of Infocredit Group said: "The aims and objectives of the PSI Alliance clearly align with Infocredit's own goals and overarching strategy and we look forward to being a proactive member of the Alliance over the coming months".

Rolf Nordqvist, Chair of the PSI Alliance, said: "Infocredit Group's innovative approach to business clearly aligns with the Alliance's own aim of securing greater choice and access in the Public Sector Information marketplace. We are delighted that Infocredit have joined the PSI Alliance and warmly welcome them into the Association".
